Councillor James Price went to his ranch north of Edmonton this week.

Wilkinson—In Clareholm, at the rectory, on Monday, May 29th, 1911, Rev. H. H. and Mrs. Wilkinson, a son.

Owing to the absence of the Mayor and three councillors there will be no meeting of the council tonight.

Miss Gay left last week on an extended visit to Eastern points. She will visit in several of the large American cities.

The Gun Club will commence a series of weekly shoots for spoons this week. The members are urged to turn out in force.

C. W. James is the representative from Cairo lodge A. F. & A. M. to the Masonic Grand Lodge to be held at Banff this week.

Rev. A. B. Argue is going to Oids for the next conference year. The final draft made a change from the first which sent him to Carstairs.

A number of Oddfellows are going to Calgary this Thursday to attend the ceremonies in connection with the institution of a new lodge on Crescent Heights.

C. W. James has been appointed agent for the Atlas Fire Co., an agency formerly held by the late E. W. Frost. All policy holders will kindly renew through Mr. James.

Mr. W. P. Teskey is doing well since he had his knee fixed in Lethbridge and expects to be soon all right again. It is nearly a year since the accident happened.

There were no Clareholm cases at the Supreme Court in Macleod. The only case set down, an action on a note, was settled out of court, by Mr. Langmuir, plaintiff's solicitor.

Peter Going of Mountain View, Alta., has been engaged as first engineer at the pump house to succeed Mr. McNeely. He arrived Tuesday night and went on duty at once.

The Ladies Aid of the Presbyterian church intend having an afternoon tea on Tuesday, June 6th, at the residence of Mrs. Holmes. Admission 15 cents. The ladies of the town are cordially invited to attend.

Mr. John R. Craig was here last week and left again for Gull Lake, Sask., where he has decided to make his home. Mr. Craig still has interests here and his friends can hope to see him once in a while.

Mr. George Simpson is reported to have bought a Buick car and Dr. Steeves a Hupmobile. Clareholm will soon hold the record for the number of cars owned in a small town and they are all good cars too.

Fred Vansilver has sold his draying business to Arthur Grice from Kingston, Ont. It was a cash deal and the transaction is complete. Mr. Vansilver remains in Clareholm and Mrs. Vansilver and daughter are going to Nanaimo, Ont. to spend the summer at her old home.

Miss Lashbrook left for Arns Road, B. C. on Tuesday, where she will reside in future. Miss Lashbrook was of a very quiet disposition but had many friends who will miss her. She will be especially missed in St. John's church, where she was an earnest worker.

The merchants are loyally supporting the council in its hitching post policy and all the disreputable poles are being replaced with those of uniform size and appearance. With the cost of green paint they lose a lot of the ugliness complained of in the past. Now let us have that watering trough painted and the cup of esthetic joy will be filled.

The most recent advice from Mr. Malcolm McKenzie and party were that they were leaving Algiers for Italy, after a most enjoyable stay in Egypt and other Mediterranean countries. The party were in good health. Mr. McKenzie and her sister, having been especially benefitted by the trip. —Macleod Advertiser.

There was joy at the rectory on Monday over the advent of a wee son. Mr. Wilkinson had him named in advance and he will be known as John Herbert St. George Wilkinson. John after a grandfather, Herbert after a proud daddy, and St. George after the parish which Mr. Wilkinson labours in up north. May the wee lad grow up to be as good a man as his daddy.

Fred Watkins was the victim of a painful and unfortunate accident the other day. He had his arm badly burned while engaged at his work carriage painting. He made a mistake as to the liquid he used to set a match to and the result will keep him carrying his arm in a sling for some time.

The football team and the band will go to Cayley on Saturday next. June third, that being the Kings birthday. The celebration which Cayley had arranged for Victoria day and which was postponed owing to the storm, will be pulled off on that day. The banks here will be closed but it is not known that other business houses will close.

The Womens' Missionary Society had charge of the service in the Meth. oldist church on Sunday night and a pleasing service it proved to be. Mrs. McKinnay was in charge of the service and gave an able address on the history and work of the society. Mrs. Quayle gave a report on the recent provincial convention held in Calgary.

The afternoon tea given in the parish hall by the W. A. of St. John's church, Thursday last, was attended by a pleasant crowd and in every way was a gratifying success. The ladies extended a hearty welcome to all and the social time was much enjoyed. The button hole making contest was a keen one, and the first honors went to Mrs. J. F. Reynolds, the second position being won by Mrs. T. L. Bernard.

One of the barns on the Frank Miller estate farm near the cemetery blew down in a gale last week. There were about thirty hogs in it at the time, belonging to the tenant, W. L. Long, but fortunately only two of them were killed. Owing to the buildings being unoccupied for so long a time they were lacking in repair, and the fact that they blew down was not surprising.

Mr. W. A. Cornwall left for Calgary Tuesday to attend the farewell banquet tendered Mr. C. W. Rowley on the eve of his departure for Winnipeg. He was to be joined at Calgary by Rev. Mr. Stamer, of High River, and they were to proceed to the Coast to enjoy a holiday planned several months ago. They will go into the wilds of Vancouver Island on an extensive fishing trip and will be absent a month. Here's hoping they enjoy the best of sport and return browned and healthy.

The Misses Simpson closed out their business here this week and in future will live in Calgary. They bought the Fleming store on Eighth Avenue and have one of the swiftest ladies outfitting establishments in the West. Miss Jean has been in Calgary for a month past and reports business as having considerably surpassed expectations. Miss Simpson packed up here on Wednesday and shipped the balance of the stock to Calgary. During their two years of business here the two ladies made friends and did an excellent business, but were desirous of engaging on a larger scale and went to the city. Miss Simpson will be greatly missed in musical circles, being a member of the Presbyterian choir and also one of the leading members of the choral society.

All unpaid subscriptions are to be paid to Harwood Duncan and all paid subscriptions will be carried by Mr. Duncan to the end of the year.

## AU REVOIR

As announced elsewhere, The Review has changed hands, the proprietor for the past two years having sold out to Harwood Duncan, Esq., of Hillside, Ontario. In giving up the editorship of The Review we feel that we are severing pleasant ties and greatly regret that it was felt necessary to sell. The people of Clareholm have been uniformly friendly and gracious. We have never lived in a town that was so homelike and pleasant. We have not sold The Review because of a lack of faith in Clareholm and its future. We are firmly convinced that it is destined to become one of the wealthiest towns in the province. Wealthy because it is surrounded by an immensely wealthy district and peopled by progressive men. We have always, to the limit of our humble ability, tried to "boost" the town and district and feel that we have in a measure given it desirable publicity. Mistakes we have made, no doubt, but they have been of the head and not of the heart. In giving up the editorial chair we feel confident that we have not intentionally published a line designed to injure anyone, or to mar their progress in life. Only on very few occasions have we been published by editors of police cases, and then only when the offense was of a more than ordinarily serious character. We have had as our motto the desire to help—not injure—and if any word has been published which has wounded, we hope that the offended one will accept our explanation that it was not intentional. At the same time we have always endeavored to give the news, and a comparison with other weeklies throughout the west will convince anyone that Clareholm has been as well served in that way as any town of its size west of Lake Superior. That sounds like bragging but it is a fact. The Review has been fair to all classes and creeds. The Liberal party received the favors in the editorial columns but that was because of our convictions and that was because the Liberal party worked overtime to keep The Review on the map. Other papers which oppose the party received less than our support than The Review. While Liberal in sympathy we have tried to be fair and have opposed that party when in our opinion it did wrong. The Review opposed the Rutherford government for the bad bargain in connection with the A. & G. W. railway, and supported the Sifton government because it had the courage to abrogate the agreement. In leaving Clareholm we do so with regret and can assure the citizens of this good town that if opportunity falls our way we will find it a good privilege to put in a good word for one of the best towns in Alberta.

The retiring editor would urge upon the people the desirability of giving the new proprietor all the support possible. No intelligent man disputes the value of a well edited paper to a town. In order to have a good paper it is necessary that the publisher should have generous support. It must come from this town

and district. Mr. Duncan is a man worthy of all confidence. He is a gentleman and will be a worthy citizen. Stand by him in his effort to make The Clareholm Review all that it should be to this town and district.

## MONETARY TIMES ON OLIVER CASE

(From the Monetary Times, May 13.) One of the penalties of being Chief Minister is to suffer personal attack. Whether a man be pure or poisoned politically, he can never shake himself of the taints of others' viciousness, jealousy and ambition. The Monetary Times has always been and is a non-partisan journal, fighting only for the principles in which it believes and irrespective of politics.

We feel the more regret, therefore, in seeing the name of the Honorable Frank Oliver, Minister at the Interior, dragged into the mire of supposed scandal. We regard Mr. Oliver as one of the strong men of the Dominion, a man who has actually helped his way as a pioneer across the prairie as a statesman through the labyrinth of politics. He will undoubtedly clear himself of the charges made against him.

There is a serious aspect of the Oliver incident which has not received due attention, and is the relation of a bank to its customers and in turn to society's managers. A photograph is said to have been taken of a certain bank's ledger page showing part of Mr. Oliver's bank account. If that photograph had really been obtained it would reflect little credit upon the institution guarding the account. The photograph was apparently faked in a clever although clumsy manner. So far as we can learn, a minor official of the bank which had Mr. Oliver's account, was approached by a certain gentleman whom we need not name, with an offer of a substantial cash payment and a remunerative and permanent position elsewhere. The bank official, whose method of address is usually of the best, was so astounded at the request that his reply may be recorded as a matter of history. The suppliant was told to "Go to h—."

The branch bank manager was informed as to what was happening. In the meantime by some, up to the present, inexplicable manner, certain items of Mr. Oliver's account had been seen, noted, and apparently copied upon ledger paper, then photographed. This was the photograph which Mr. D. R. Wilkie, general manager of the Imperial Bank, stated in the most emphatic terms was not an exact photograph of Mr. Oliver's account as has been stated. A comparison of the original with the spurious at once reveals this fact.

An investigation is to be held respecting the Oliver charges. No one desires that it shall be limited, except that it shall not pry into private affairs. It is not difficult to draw the line between a man's business and his private matters. Undoubtedly there will be an attempt to bring Mr. Oliver's bank account into the limelight, to analyse it, trace the source and the destination of every debit and credit item, and generally to make public a document which concerns only the bank and its customer. This would be a dangerous precedent. The officer, the business man, the industrial corporation, all consider their bank account a matter of strict privacy. When it is known that at the slightest show of suspicion, even of spitefulness on the part of enemies, one's bank account might be exposed to public gaze, the whole country would soon be banking their money in stockings, cellars and mattresses. Only when a man is absolutely proud to be a criminal should his bank account be shown to others than the bank officials and their customers. Even then, the greatest discretion should be observed. It is not a question as to whether or not a man's account is clean. Those who have the most honest accounts would be among the strongest objectors to publicity of their bank account figures.

Do you hear the crops growing? The greatest harvest in the history of Alberta is looked for, and there is ample to support the vision.

Saturday will be the birthday of George V. May he see many happy returns of the day.

Is it too much to expect that a million bushels of wheat will be threshed out in the Clareholm district? It is certainly in sight.

This Fall when the money is plentiful everyone will be cheering and many will forget that there was a dry year. Great thing this power to forget the disagreeable and to be joyful over that which is bright.

Carmangy wants a high level bridge over the Little Bow so that the town can properly enter at all the district which rightfully belongs to it. It is a much needed public work and will help out a large number of settlers as well as the progressive town.

## The Ball Season Opened

Talk about your 13 to 4 or 19 to 10 games in the Western Canada League. On Monday night the Clear Lake aggregation and the Clareholm local breakers met for the first time in the arena and played five innings without losing the egg and wound up the game with a two to one score in favor of the world beaters. It was the first time several of the boys had played this year and the game was almost without error. It is reported that the day previous, instead of going to Sunday school, Julius Nelson, the class topper for the Clear Lake bunch, pitched about one thousand and seven balls across an imaginary plate so as to work his arm into shape and he did it too. The way Julius fanned 'em wasn't slow. Eric Moffatt also made his debut, as they say in the society columns, and pitched candy ball. Once in a while the Clear Lake boys hit but they could not hit it far enough to connect with the bases. The game was watched by a goodly crowd, including a bunch of outsiders, and it was abundantly apparent that baseball is the game in Clareholm.

For five straight innings it was a case of retire as you were. The first break in the series of goings easy was in the sixth, when Guy Nelson, the poacher third baseman for Clear Lake got home on a ball which passed through Mr. Pullar's nimble fingers and ungloved hand to rest by the ring. In the second half Clareholm took a try at scoring and as that arm of our friend Julius was beginning to tire there was some exciting. Martin Lebow hit out a nice safe on and Jack Reynolds went to bat. Jack upped it and, as on a singer to left field Martin cleared home. Then a little bit to right by the Right Honorable Edward Griffith, of Caranor, Wales, and Mister Reynolds hugged the home plate as if it were his most costly possession. That ended the scoring, however, and the next three innings were expliers. In the final gap in the ninth it looked as if the visitors would tie the score. Adolph Amundsen made one mighty swat at one of Eric's little drops and knocked out a three runner. How those Clear Lake boys roared. It certainly looked good, but also for human hopes, there were two men down and the next gentleman to wield the hickory had an irresistible fondness for trying to crack holes in the atmosphere and all hope ended. It was a game worth seeing and here is the way the boys lined up.

Clear Lake  
Eric Moffatt 1st b. Julius Nelson

Mr. Norman Holmes was umpire, and such pink tea expressions from the blanchers as "Rotten!" didn't worry him a little bit. Mr. Holmes handled out the delicious fairly and was popular with both teams. Premier Sifton was unable to be present and send the first ball over the plate, owing to an urgent call from George V. to attend the coronation. Mr. Moberg would not come because Mr. Sifton had been given the preference.

### Calgary Fair Notes

A very interesting and novel fea-  
ture which will be added to the Amer-  
ican Day program on the afternoon  
of July 1st will be a drill by the At-  
tached Patrol of Al Kader Temple, A.A.  
O.N.M.S., Portland, Oregon. The  
members of this patrol will, with 250  
other shikaris, be stopping over in  
Calgary on American Day, and after  
spending an hour or two sight seeing  
and being entertained to luncheon  
by the local Temple, will visit the  
fair grounds, and have kindly con-  
sented to entertain the thousands at  
the grandstand or that day. This is  
a novel feature and is sure to make  
a great hit.

The manager has just received  
word from Messrs B. Bull and Son  
of Brumpton, Ont., the foremost breed-  
ers of Jersey cattle in Canada stating  
that it is the intention to bring out to  
the Calgary exhibition between 25  
and 30 of their best Jerseys, having  
made an importation from Jersey  
Island for this purpose. The exhibit  
of Jerseys by Messrs Bull & Son has  
for several years been one of the fea-  
tures of the fair and is always a spe-  
cial attraction to those interested in  
dairy stock. Last year they claimed  
their sales at the fair were larger than  
the combined sales of all other breeds  
which indicates there will soon be a  
large number of Jerseys in Alberta.

There is one medicine that every family  
should be provided with and especially  
during the summer months, viz., Cham-  
berlain's Colic, Cholera and Diarrhoea

### Chiefly Claresholm

Frank Hooper, manager for the  
Western Canada Lumber Co. at  
suddenly, died, this week after a brief  
illness from food poisoning, complica-  
tions that affected his heart. He was  
well known in Claresholm, having  
been a member of the Stately base-  
ball team. He was the catcher. Mr.  
Hooper was an exemplary young man  
and was well liked by all who knew  
him. His death comes as a severe  
shock to all his friends.

Don't buy unseasoned lumber to  
warp and spread and spoil your build-  
ing. You can buy the best by going  
to the Pioneer Lumber Company.  
Look over the stock in the Claresholm  
yards.

Councillor James, chairman of the  
local improvement committee is doing  
a lot of good work grading streets.  
Many think the holes on the east side  
of Railway street should be filled in  
and the road way leveled so as to  
make more room for vehicles. The  
placing of the new hitching posts so  
far from the sidewalk makes the regu-  
lar road narrow and all the room  
will be needed in the rush of traffic  
this coming fall.

Good lumber means a good build-  
ing and poor lumber the reverse. If  
you are building go to the Pioneer  
Lumber Company and get the best.  
It is as cheap as poor stuff.

The warm weather which has fol-  
lowed the rain is greatly appreciated  
by the farmers and the crops are  
growing like wild fire. The prospects  
were certainly never better in this  
stretch of the prairie and if the sum-  
mer continues favorable the C. P. R.  
will have to hustle to haul the grain  
out of the country. In the meantime  
the strike is still on and the coal  
mines shut down. The C. P. R. will  
have to haul coal and grain at the  
same time, a most unfair proposition.  
The government should take more  
drastic measures.

Nearly everything needed in the  
way of building material is kept in  
stock by the Pioneer Lumber Com-  
pany. They also take pride in stock-  
ing the best. The local agent can  
give you the best of terms. See him  
and then decide to build.

The woman of today has good health,  
good temper, good sense, bright eyes and  
a lovely complexion, the result of correct  
living and good digestion, wins the ad-  
miration of the world. If your digestion  
is faulty Chamberlain's Stomach and Liver  
Tablets will correct it. For sale by dealers  
everywhere.

A big bunch of Winnipeg commer-  
cial magistrates representing millions of  
money and all industries found in  
the West left that city on Monday  
on a get acquainted trip through the  
West. They will pass through  
Claresholm in the middle of the  
night of Monday next. Apparently  
they don't know this town is on the  
map. Keep the street lights burning  
just to show the fellows who sit up  
late playing poker that they have  
made a mistake. They will honor  
Macleod with their presence for the  
whole of 20 minutes.

It is worse than useless to take any  
medicines internally for chronic or muscu-  
lar rheumatism. All that is needed is a  
free application of Chamberlain's Liniment  
all that is needed. For sale by dealers  
everywhere.

The Pioneer Lumber Company has  
caught the Yids of the boot year  
for the South. They are going to co-  
operate in the advance movement by  
keeping the largest and best stock of  
lumber. If you are going to build  
see Mr. Holmes. He has suggestions  
of interest to communicate.

The uniform success that has attended  
the use of Chamberlain's Colic, Cholera  
and Diarrhoea Remedy has made it a  
favorite everywhere. It can always be  
depended upon. For sale by dealers  
everywhere.

Mrs. William Lebow has under-  
gone a delicate operation in the Cal-  
gary hospital which according to re-  
ports was probably the means of a  
vertiginous serious physical consequences  
She had mastoids removed from an  
ear and also had a tumor removed  
from the head just above the ear.  
The doctor said that she would likely  
have suffered from blindness in one  
eye if the operation had been delayed  
much longer. In fact there was  
grave danger of the brain being af-  
fected. The operation however bids  
fair to be fully successful and Mrs.  
Lebow is doing as well as could be  
expected. Her many friends here  
will hope for speedy and complete  
recovery.

## FILLING UP THE WEST

TWO MILLION IMMIGRANTS DURING PAST TEN YEARS

The Immigration Bulletin just issued Gives Actual Figures of the Gain to the Dominion Through Immigration—More Than One-third Came from Great Britain and About as Many from the States.

Ottawa.—During the past ten years Canada has received nearly two million immigrants from approximately 120,000 from Great Britain, and 700,000 from the United States. The immigration bulletin just issued gives the actual figures up to the end of the fiscal year, March 31, as 1,714,300 for the decade. Since then nearly 200,000 more have arrived, divided about equally between British and American.

According to population, about 65 per cent. of the immigrants arriving from the United States are farmers or farm laborers for the most part have settled in the prairie provinces. Twenty-eight per cent. of the total number from across the line made their way for homesteads in the west.

About thirty per cent. of the British and continental arrivals were domestic workers, and nearly the same percentage were classified as mechanics. The influx of domestic workers has been about four hundred, while 5,000 Hindians have come.

Of the British, approximately 500,000 have been English and Welsh, 160,000 have been Scotch, and 140,000 have been Irish. The figures for other nationalities include the following: Austria-Hungary, 120,000; Italian, 53,000; French, 42,000; Germany, 21,145; French, 14,200; Norwegian, 13,145; British, 12,000.

The distribution of the immigrants by provinces gives the following: Saskatchewan and Alberta got one-half a million, Manitoba 400,000, Ontario 300,000, British Columbia and Yukon, 120,000, and the prairie provinces only 73,000.

Western Canada therefore got some 300,000 more new settlers than eastern Canada.

Speaking of branch lines in the west, he said that it was hoped to complete some 640 miles of branch line. The branch from Telford to Calgary would be completed. About 80 miles of steel have been laid on the track to Red Deer river and this year, other 140 miles would be finished.

### Be Careful In Building That Home

POOR LUMBER means a cold crude house. After the first year it gets that cheap, shabby look which makes it difficult to rent and difficult to sell. If you are building it to live in you want it a home that you will be proud to show your friends, and furthermore, you will want to avoid the big fuel bills always necessary where low grade lumber is used. We make a specialty of high-grade lumber and "classy" material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and selling just a little bit better stuff than you can generally buy elsewhere at prices as low as those asked for the inferior kinds.

If your contractor uses CROWN LUMBER it means that he is a man who wants the best of everything. It is the best recommendation the man could have!
